## Model 456 Elite

The Model 456 Elite Hand-Held Viewer provides instant access to information anywhere . . . at home, the office or in the field for viewing data up to 24x source document or aperture cards.

A hand-held viewer to permit portable and inexpensive viewing of the microfiche. This pocket reader is equipped with good quality lens and specifications we feel are appropriate for colour microfiche. It is specifically designed for anyone needing the convenience of quick retrieval, using no batteries, for on the spot viewing.

This maintenance free viewer is ready to use when you receive it. Therefore, it requires no set up.
