Model 456 - HP

A portable reader for microfiche, jacketed microfilm and aperture card.

Displays high resolution images of 24X reduced originals or 42X and 48X COM on the half letter (half A4) size screen.

Focus control is centre mounted. The illumination is very bright due to the use of 25 watt quartz halogen lamp. The lamp change is simple and easy.

This portable reader can be used in vehicles, with a special mounting bracket.
